Safety Data Sheet (SDS)

Revision Number: 1.0	Last updated: Sept 9 2013
1. Identification	
Product identifier used on the label	Name: Pluronic® F - 127, 10% solution in water
and other means of identification:	Catalog Number: 84042
	Unit Size: 100mL
Recommended use/restrictions on use:	For research use only. Not intended for food, drug, household,
	agricultural or cosmetic use.
Manufacturer/Distributor:	AnaSpec, Inc.
	www.anaspec.com
	34801 Campus Drive
	Fremont, CA 94555
	Tel: 510-791-9560
	Fax: 510-791-9572
	Email: service@anaspec.com
Emergency phone number:	1-800-728-2482

## 2. Hazards Identification

GHS Hazard Classification:

GHS Physical Hazards:

Skin irritation (Category 3)

GHS Health and Environmental Hazards:

GHS Signal Words: Warning

GHS Hazard Statements:

Causes mild skin irritation H316

GHS Hazard Symbol/Pictogram:

GHS Precautionary Statements:

Description of any hazards not otherwise classified: N/A

Description of any unknown acute toxicity: N/A

HMIS Classification

Health hazard: 1 Flammability: 0 Physical hazards: 0

NFPA Rating

Health hazard: 1

Fire: 0

Reactivity Hazard: 0

## 3. Composition / Information on Ingredients

Ingredients/Components:

Chemical Name and Synonyms:	CAS Number:	Molecular Formula:	Molecular Weight:
Pluronic F127	9003-11-6	N/A	N/A
water	7732-18-5	$H_2O$	18

## 4. First Aid Measures

Inhalation:	If dust is inhaled, remove from contaminated area.				
	Encourage patient to blow nose to ensure clear passage of breathing.				
	If irritation or discomfort persists seek medical attention.				
Ingestion:	If swallowed do <b>NOT</b> induce vomiting.				
	If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to maintain open				
	airway and prevent aspiration.				
	Observe the patient carefully.				
	Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink.				
	Seek medical advice.				
Skin:	If skin or hair contact occurs:				
	Flush skin and hair with running water (and soap if available).				
	Seek medical attention in event of irritation.				
Eyes:	If this product comes in contact with the eyes:				
	Wash out immediately with fresh running water.				
	Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by				
	occasionally lifting the upper and lower lids.				
	If pain persists or recurs seek medical attention.				

Extinguishing media:		Water spray or fog.		
Extinguishing media.		Alcohol resistant foam.		
		Dry chemical powder.		
		BCF (where regulations permit).		
		Carbon dioxide		
b) Unusual fire and explosion		Alert Emergency Responders and tell them location and nature of hazard.		
(hazardous combustion products):		Wear breathing apparatus plus protective gloves.		
		Prevent, by any means available, spillage from entering drains or water course.		
		Use water delivered as a fine spray to control fire and cool adjacent area.		
		<b>DO NOT</b> approach containers suspected to be hot.  Cool fire exposed containers with water spray from a protected location.		
		If safe to do so, remove containers from path of fire.		
		Equipment should be thoroughly decontaminated after use.		
		Equipment should be unbroughly decontainmated after use.		
c) PPE for firefighters and		Alert Emergency Responders and tell them location and nature of hazard.		
special firefighting procedures	/techniques:	Wear breathing apparatus plus protective gloves.		
		Prevent, by any means available, spillage from entering drains or water course.		
		Use water delivered as a fine spray to control fire and cool adjacent area.		
		DO NOT approach containers suspected to be hot.		
		Cool fire exposed containers with water spray from a protected location.		
		Ilt coto to do co romovo contornare trom noth at tira		
		If safe to do so, remove containers from path of fire.		
		Equipment should be thoroughly decontaminated after use.
