

# GMP Peptides

Experience the quality

## Applications

**BIOPHARMACEUTICAL  
PRECURSOR**  
& material manufacturing

**PRE-CLINICAL**  
animal testing

**QC CONTROLS  
& STANDARDS**  
for biopharmaceuticals  
& API's

## Our Expertise

For over 25 years, AnaSpec has produced high quality peptides that have been used in various applications. As a member of KANEKA Eurogentec – a world wide biotechnology company and FDA inspected CDMO for biopharmaceutical manufacturing – AnaSpec has acquired strong skills in GMP production and quality management. As a result, we now offer GMP peptide manufacturing services, to help minimize risk and ensure consistency.

# Peptide Grades Comparison

## SMALL & LARGE SCALES

### CLASSICAL & COMPLEX

Peptide chemistry (cyclic, stapled, phosphorylated, biotinylated, fluorescent dye or quencher labeled or both for FRET/TR-FRET)

Attributes	Research Grade	GMP* Grade	GMP API
Product Applications	Research & Discovery	IVD BioPharma Processing QC Standards	API Biopharmaceutical
Quality Systems Controls	ISO 9001	ISO9001 Compliant with 21 CFR part 820 & ISO13485	21 CFR parts 210 & 211
Service Agreement / Audits		Standard	Standard
Analytical Methods	v	v	v
Certificate of Analysis	v	v	v
Change Control Notification	v	v	v
Product Specification	v	v	v
Incoming Raw Material Specification & Testing		v	v
Expiry or Retest Date	v	v	v
Supplier Qualification		v	v
Identification of Critical Process Parameters		v	v
Batch Manufacturing Record & Review		v	v
Lot Sample Retained		v	v
Dedicated Project Management		v	v
Classified clean room ISO7 (10.000)		v	v
Validation			v

\* not to be used as an API in its current form

## Services

### Reliability

Over 25 years expertise in peptide synthesis  
No milestones or royalties

### Quality

Solid Quality Management System

### Flexibility

Adjust, Adapt and develop strategies to meet customer's SOPs

### Transparency

Single point of contact with frequent reporting
