

Material Safety Data Sheet (MSDS)

Revision Number: 1.1		Last updated January 2010
Product and Company Identif	ication	
Product Name:	HiLyte Fluor ^T	^M 555 acid
Catalog Number:	81250	
Unit Size:	5 mg	
Manufacturer/Supplier:	Tel: 510-791-9 Fax: 510-791-	9572
	http://www.an	aspec.com
Molecular Weight: 869.1 CAS Number/Name: NA Hazards Identification	ntact and inhalation T	o our knowledge, the hazards of this material have not been
thoroughly investigated. We rec		
Potential Health Effects	ommend nandning an er	
Inhalation:		If inhaled, remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen.
Ingestion:		If swallowed, wash out mouth with water provided person is conscious. Call a physician.
Skin:		In case of contact, immediately wash skin with soap and plenty of water.
Eyes:		In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes.
Target Organs:		Not determined

Extinguishing media:	Water spray, carbon dioxide, dry chemical powder or
Exinguishing mean.	appropriate foam.
	appropriate round
Special firefighting procedures:	Wear self-contained breathing apparatus and protective
	clothing to prevent contact with skin and eyes.
Unusual fire and explosions hazards:	Emits toxic fumes under fire conditions.
Accidental Release Measures	
	ods to clean up spilled substances promptly. Absorb spill onto an
appropriate material. Collect and dispose of all	waste in accordance with applicable laws.
Handling and Storage	
Desiccation recommended. Protect material from	m long-term exposure to light. Store at -20 °C.
Exposure Controls / Personal Protection	
Wear appropriate gloves, protective clothing an	d eyewear and follow safe laboratory practices.
ACGIH/OSHA Permissible Exposure Limit 1	<u>Data</u>
Not determined	
Physical and Chemical Properties	
	Solid
Physical and Chemical Properties Form: Odor:	Solid Not determined
Form: Odor: Melting Point:	Not determined Not determined
Form: Odor:	Not determined
Form: Odor: Melting Point: Flash Point:	Not determined Not determined
Form: Odor: Melting Point: Flash Point: Stability and Reactivity	Not determined Not determined
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability:	Not determined Not determined Not determined
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition:	Not determined Not determined Not determined Stable under recommended storage conditions
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions:	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified.
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions: Toxicological Information	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified.
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions: Toxicological Information	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified. We are not aware of any toxicity data for this product.
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions: Toxicological Information	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified. We are not aware of any toxicity data for this product. Skin Contact: May cause skin irritation.
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions: Toxicological Information	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified. We are not aware of any toxicity data for this product. Skin Contact: May cause skin irritation. May be harmful if absorbed through skin.
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions: Toxicological Information Toxicity:	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified. We are not aware of any toxicity data for this product. Skin Contact: May cause skin irritation. May be harmful if absorbed through skin. Eye Contact: May cause eye irritation.
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions: Toxicological Information Toxicity:	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified. We are not aware of any toxicity data for this product. Skin Contact: May cause skin irritation. May be harmful if absorbed through skin. Eye Contact: May cause eye irritation. Inhalation: Material may be irritating to mucous
Form: Odor: Melting Point: Flash Point: Stability and Reactivity Stability: Dangerous Products of Decomposition: Dangerous Reactions: Toxicological Information Toxicity:	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified. We are not aware of any toxicity data for this product. Skin Contact: May cause skin irritation. May be harmful if absorbed through skin. Eye Contact: May cause eye irritation. Inhalation: Material may be irritating to mucous membranes and upper respiratory tract.
Form: Odor: Melting Point:	Not determined Not determined Not determined Stable under recommended storage conditions No dangerous decomposition products identified. No dangerous reactions identified. We are not aware of any toxicity data for this product. Skin Contact: May cause skin irritation. May be harmful if absorbed through skin. Eye Contact: May cause eye irritation. Inhalation: Material may be irritating to mucous

Ecological Information

Do not allow product to reach ground water, watercourse, or sewage system.

Disposal Considerations

Consult local, state or national regulations for proper disposal.

Transport Information

This substance is considered to be non-hazardous for transport

Regulations

Not listed
Not determined
Not determined
This product does not contain any chemicals known to State of California to cause cancer, birth, or any other reproductive defects.
Not determined

Other Information

It is not intended for food, drug, household, agricultural or cosmetic use. A technically qualified individual experienced in handling potentially hazardous chemicals must supervise its use. The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Users should make independent decisions regarding completeness of the information based on all sources available. Anaspec Inc. shall not be held liable for any damage resulting from handling or from contact with the above product.
